SUMMARY

Dedicated and results-driven software developer with a strong background in full-stack development. Possessing a Master of Computer Applications (MCA) and hands-on experience in various programming languages and frameworks. Skilled in problem-solving and delivering high-quality solutions on time. Committed to continuous learning and professional growth to leverage technology for effective solutions that drive organizational success.

TECHNICAL SKILLS

Languages:	Java, Advanced Java, C, JavaScript, TypeScript, PHP, HTML, CSS
Technologies/Frameworks:	ReactJS, Node.js, Spring Boot, Android Studio, TailwindCSS, Bootstrap, Express.js
Databases:	MySQL, MongoDB, Firebase, PostgreSQL
Developer Tools:	Git, IntelliJ IDEA, VS Code, Android Studio, Eclipse, Postman, Docker
Soft Skills:	Team collaboration, Agile methodologies, Time management, Communication, Problem-solving

WORK EXPERIENCE (INTERNSHIP)

Searching Yard Software Pvt Ltd   Jan 2024 - Aug 2024

Experienced software developer specializing in full-stack development, focusing on web and application projects. Contributed significantly to the successful completion of the 'IGCA INDIA' project, demonstrating proficiency in programming, software development methodologies, and problem-solving. Delivered high-quality solutions on time, collaborating effectively within a team environment.

PROJECTS

SKB-World

– Full-stack website currently being developed independently, showcasing advanced technical skills.
– Utilizing Node.js for backend, ReactJS for frontend, and MongoDB for database management.
– Focused on creating a robust and interactive web application from scratch, integrating modern design principles.

IGCA INDIA   Link

– Developed backend functionalities using Node.js, TypeScript, Prisma ORM, and MongoDB, ensuring seamless communication between the front-end and database.
– Implemented and tested robust API endpoints with Postman to ensure reliability and performance.
– Contributed significantly to the project's success and live deployment, enhancing user experience and functionality.

PhD Dashboard   Link

– Led the development of both backend and frontend functionalities, ensuring smooth integration.
– Utilized Spring Boot and MySQL for backend development, ReactJS and JavaScript for frontend.
– Employed Postman for robust testing, enhancing code reliability and performance.

Study Material (Android Application)   Link

– Developed using Java with a user-friendly XML front-end to enhance user interaction.
– Implemented secure authentication with Firebase, ensuring data protection.
– Designed and implemented SQLite databases for efficient data management, optimizing performance.

EDUCATION

Centurion University of Technology and Management 2022 – 2024
Master of Computer Applications (MCA) - **CGPA: 8.91**
Bhubaneswar, India

Chitalo Degree Mahavidyalaya, Jajpur   2019 – 2022
Bachelor of Science (Mathematics Honors) - **73%**
Jajpur, India
