SUMMARY

To utilize my technical skills, business knowledge, and communication abilities to contribute effectively to the organization's growth while achieving personal development and mutual benefits.

TECHNICAL SKILLS

Languages:	.net(MVC) ,.net(API) ,Java, AdvancedJava, C, JavaScript, TypeScript,PhP, HTML, CSS
Technologies/Frameworks:	ReactJS,ASP.NET Core MVC,ASP.NET Core Web API, Node.js, Spring Boot, Android Studio, TailwindCSS, Bootstrap
Databases:	MySQL, MongoDB, Firebase, PostgreSQL
Developer Tools:	Git, IntelliJ IDEA, VS Code, Android Studio, Eclipse, Postman, etc.

2 YEAR WORKING EXPERIENCE

Searching Yard Software Pvt Ltd — Jan 2024 - Aug 2024

Experienced software developer specializing in full-stack development, with a strong focus on web and application projects. Completed the 'IGCA INDIA' project at Searching Yard Software Pvt Ltd. Proficient in ASP.NET for backend development, along with software development methodologies and problem-solving. Consistently delivering high-quality solutions on time.

Masai School — Jun 2023 - Dec 2023

Accomplished training in Data Structures and Algorithms. Developed numerous projects as a .NET developer and consistently presented them with my assigned group. This experience has enhanced my skills in full-stack development and software engineering.

TEACHNOOK Wissenaire IIT Bhubaneswar — Jan 2023 - Jun 2023

Completed a 6-month Full Stack Web Development internship at TEACHNOOK Wissenaire, IIT Bhubaneswar. Gained hands-on experience in building and maintaining web applications using technologies like HTML, CSS, JavaScript,ReactJs and Node.js for both frontend and backend development. Contributed to project planning, implementation, and testing in a collaborative environment.

PROJECTS

SKB-World (FreeLancer Project)

– Full-stack website currently being developed independently.
– Utilizing Node.js for backend, ReactJS for frontend, and MongoDB for database management.
– Focused on creating a robust and interactive web application from scratch.

IGCA INDIA — Link

– **Backend Developer**: Developed backend functionalities using ASP.NET with MVC architecture, leveraging NHibernate ORM for database interactions and MongoDB for data storage, ensuring seamless communication between the front-end and the database.
– **API Development**: Designed, implemented, and tested robust API endpoints using Postman to ensure reliability and performance.
– **Project Contribution**: Played a key role in the project's success, contributing to the overall architecture and functionality, and supporting live deployment efforts.

PhD Dashboard

– Led the development of both backend and frontend functionalities.
– Utilized ASP.NET using MVC and MySQL for backend development, and ReactJs and JavaScript for frontend.
– Employed Postman for robust testing.

EDUCATION

Centurion University of Technology and Management 2022 – 2024
Master of Computer Applications (MCA) - **CGPA: 8.91**
Bhubaneswar, India

Chitalo Degree Mahavidyalaya, Jajpur 2019 – 2022
Bachelor of Science (Mathematics Honors) - **73%**
Jajpur, India
